

# Color the Posters: Internet Safety

## About This Activity

### Introduction

In this activity, learners will color in a poster about online safety that, when done, can go up near where they use a computer or other device at home or school.

### Objective

Upon completion of this activity, learners will:

- know how to stay safe when navigating and using the Internet

## What You Need

This activity requires a medium level of facilitator participation.

This activity will take about 15-30 minutes to complete depending on your learner's skills.

You will need the following supplies:

- Coloring supplies

## Facilitator's Instructions

1. Print out the Learner's Sheet pages.
2. Gather your coloring supplies.
3. Give your learner one of the "Color the Posters" sheets.
4. Tell your learner about this activity: "Today, you're going to do an activity to learn about staying safe while using the Internet! You're going to make a poster by coloring in this poster sheet. This poster has information about staying safe online that you will want to keep handy when you use your devices. When you're done, we'll hang it up on the wall!"
5. Ask your learner to tell you when they are all done.
6. Congratulate your learner on a job well done!

# Color the Posters: Internet Safety

## Standards Addressed

### CSTA

1A-IC-17, Impacts of Computing, Social Interactions: Work respectfully and responsibly with others online.

1A-IC-18, Impacts of Computing, Safety, Law, & Ethics: Keep login information private, and log off of devices appropriately. People use computing technology in ways that can help or hurt themselves or others. Harmful behaviors, such as sharing private information and leaving public devices logged in, should be recognized and avoided.

# Screen Time

Too much screen time can give you a headache, hurt your eyes, and make it hard to sleep at night.

**Try to spend no more than 2 hours online per day!**

# Stay Private Online

Don't let anyone steal your login info!

Protect yourself with strong passwords. And **DON'T** share them with anyone but a parent or guardian!

Log off of shared devices when you're done using them!

# Fight Computer Viruses!

**YOU can be a  
COMPUTER VIRUS SUPERHERO!**

Always remember:

1. Think before you click.
2. Ask an adult before downloading.
3. When in doubt, don't click or download!

# Stay Safe Online!

Do you really know who you are talking to online?

Even on the Internet, a stranger is still a stranger! Keep yourself safe by following these safety tips:

- ☒ Choose appropriate websites
- ☒ Don't give out personal info
- ☒ Don't give out photos
- ☒ If you feel uncomfortable, tell an adult!

# Tips for Promoting Good Vibes Online

Don't engage with bullies.

The internet is forever. Don't post anything you might regret later!

Don't make anyone feel bad or angry.
